FEMA Region 6
800 Loop 288
Denton, TX

Ann, if you are driving up from Dallas, come to Denton on I-35 east...

You will take the Loop 288 exit, which I believe is Exit 462 (be careful, as there is construction going on and the exit numbers have changed)

Proceed north on Loop 288 for approximately 2 miles... After you pass McKinney Street (Jack in the Box and 7-11 on opposite corners), FEMA Region 6 will be ¼ mile on right on top of the hill...

If you will pull into the main entrance, there will be concrete barriers and a guard shack in front...

Provide them your federal ID badge (PIV card)... .. tell them you are working in the RRCC as the ESF-10 rep... they can call me if they need to verify... find a parking spot behind the front building and come to the back entrance of the front building... the guards will direct you... call me when you get here and I will meet you upstairs at the building entrance and get you into the building...

With Regards, Steve
